

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

ITLS Advanced Pre-Test

7<sup>th</sup> Edition

1. A 34 year old man is injured in a motor vehicle collision. Physical examination is normal except for diffuse abdominal tenderness. The respiratory and circulatory systems are stable. The patient is transported to the hospital and respiration is 20 per minute, pulse rate is 120 per minute blood pressure 100/90. How should this patient be managed in the field?  
A. Intravenous fluid at a "keep open" rate  
B. Intravenous fluid at 20 cc/kg bolus  
C. Fentanyl 100 mcg intravenous  
D. Insert an oropharyngeal airway and assist ventilations
2. What is Salick's maneuver?  
A. A method allowing the rescuer to hold airway on the face with both hands
